

Exposing Data Management Plans WG Update

RDA Chairs Mtg || Jan 9, 2019 | Bethesda, MD USA

Chair (s): [Angus Whyte](#), [Fiona Murphy](#), [Natalie Meyers](#), [Kathryn Unsworth](#), [Marie-Christine Jacquemot-Perbal](#) Secretariat
Liaison: Lynn Yarmey | TAB Liaison: Francoise Genova

Planned outcomes/aims: Reference Model informed by Use Case Catalog & Survey results

Current Activities: [Exposing DMPs Survey](#) (<https://bit.ly/2xxFZsc>) Help promote participation! Use cases are being solicited & refined

Issues, challenges encountered: Group was formed in part to address two issues w/ DMP implementation & adoption: 1)A lack of standards for expression and interchange of DMPs & 2) insufficient understanding of the needs of users and the benefits and risks of different modes of action -Since launch of group, it has taken longer than expected to pilot the survey to accommodate differing national expectations & get through IRB , also coordinating & being informed by IGs/WGs with intersecting aims & audiences can be problematic when scheduling plenary sessions & orienting audiences to RDA outputs.

Related to/coordinated with other WG/IGs? **YES** See Next slide!!!

Fit into the RDA mission: Generalising from the scenarios and examples contained in the Use Cases Catalogue, the WG will produce a Reference Model to document generic components and workflows for exposing plans (and metadata about them), and offer recommendations for further action by each of the relevant stakeholder groups . By gaining endorsements for the Reference Model from relevant stakeholders for each use case we will provide a community endorsed approach to using plans to share demonstrable advancement in data sharing practice.

Complementary Aims

Related groups with complementary aims:

- [DMP Common Standards WG](#) Chair (s): [Tomasz Miksa](#), [Paul Walk](#), [Peter Neish](#) | Secretariat Liaison: Lynn Yarmey | TAB Liaison: Wenbo Chu
- [Active Data Management Plans IG](#) Chair (s): [David Giaretta](#), [Helen Glaves](#), [Kevin Ashley](#), [Stephanie Simms](#), [Sarah Jones](#) | TAB Liaison: Jane Wyngaard
- California Digital Library has received an [NSF EAGER AWARD #1745675](#) to support active, machine-actionable data management plans (DMPs).
- [Sharing Rewards and Credit \(SHARC\) IG](#) Chair(s) [Anne Cambon-Thomsen](#), [Laurence Mabile](#), [Laurent Dollé](#), [Anne-Marie Tassé](#), [Michele De Rosa](#) | Secretariat Liaison: Lynn Yarmey | TAB Liaison: Paul Uhler
