VSIG on RDA website: bit.ly/rda-vsigt

What is the Vocabulary Services IG?

Established to develop community-based recommendations on the publication of controlled vocabularies on the web.

The primary deliverables:

- collection of community use cases and requirements for vocabulary services,
- documentation of existing services and practices,
- recommendations for vocabulary publication service structure and APIs.

Review of IG Activity

Bi-weekly telecons since Jan 2016

Discussion of Next Steps: Suggested Activities

1. Updating RDA Wiki? 17 use cases?
2. Completing Use Cases
3. Collaborations w. other RDA groups?
 - a. DFT Joint Session (Sat)
4. Focus on developing RDA Output?
 - a. Visible on RDA website
 - b. RDA “supported” outputs generated by WG or IG and potentially go through community review period
 - c. “other” outputs do not go through community review and have no level of endorsement

Discussion of Next Steps: Admin & Coordination

Administrative & Coordination

1. Communicating b/w plenary. Continue Telecons? schedule ok?
2. Slack: vocabulary-services.slack.com
3. IG Leadership discussion
