Members since march 2013

Our mission

> Increase the presence in RDA of actors involved in research data in Spain

> Advertise funding opportunities and help the Spanish community to reach them

> Support data research at a local level and strengthen the relations with other national groups

> Promote RDA recommendations in the region

> Give visibility and support to Spanish initiatives on the exchange of open research data

What has happened so far?

> RDA Spain Kick-Off at the RES Annual Meeting 2018 in Valencia

> RDA Meeting at Ibergrid2019 Conference in Santiago de Compostela

> Relations established with other RDA EU 4.0 National nodes and relevant EU initiatives

> Supported Spanish participation in RDA Global Events

> RDA Europe 4.0 grants to support the **Adoption of RDA Recommendations and Outputs**:

Improving the Copernicus Climate Data Store metadata scheme with the "RDA metadata standards repository"

Template for reproducible, shareable and achievable

data analysis

> **RDA Europe Ambassadors**: https://www.rd-alliance.org/rda-disciplines/rda-europe-ambassadors

Future

> Collaborations with other EU H2020 projects and EOSC initiatives

> Working towards a long-term sustainability after H2020
